

May 4, 2008

Dear Desiree:

On behalf of the Council of the Town of The Blue Mountains, it is my sincere pleasure to recognize the important role you have played as a Volunteer in building our community.

You have strengthened the fabric of our Town and created better lives for our residents through a helping hand, a willing heart or a simple gesture. As Luciano de Crescenzo, Actor and Screenwriter, once said, "We are all like one-winged angels. It is only when we help each other that we can fly."

The kind of gift you have given over and over each day is a valued and cherished resource. Thank you again for your volunteer work and your commitment to our community!

Warmest regards
